Dear Privacy Officer / Responsable de la protection des renseignements personnels,

Pursuant to Principle 4.9 of Schedule 1 of the Personal Information Protection and Electronic Documents Act (PIPEDA), S.C. 2000, c. 5, and in accordance with Sections 10 and 11 of ADM's own Privacy Policy, I am submitting a formal request to access my personal information held by Aéroports de Montréal.

Information requested:

All CCTV and video surveillance recordings, complete and in their continuous, uninterrupted form, from areas under Aéroports de Montréal's control at Montreal-Trudeau International Airport (YUL) in which I may appear or through which I may have transited, for the period of March 20 to March 22, 2026. This includes but is not limited to: arrivals hall, passenger corridors, waiting areas, transit zones, and other common areas, as referenced in Section 5(a) of your Privacy Policy. Complete recordings for the specified areas and period are requested, not selected fragments or extracts.

Preservation:

As stated in Section 10 of ADM's Privacy Policy, ADM is required to retain personal information of a person who has submitted an access request for the time necessary to allow that person to exhaust their legal remedies. I request that all relevant recordings from the above period be preserved accordingly.

Identity verification:

I understand that ADM may take reasonable steps to verify my identity prior to processing this request, as outlined in Section 11 of your Privacy Policy. I am prepared to provide valid identification through whatever secure process your office requires.

Preferred format: Electronic.
